

CoPGr CURRICULAR CHAMBER SUBJECTS PRESENTATION FORM

SUBJECT'S ACRONYM: **RNP5776**

SUBJECT'S NAME: Neurological Alterations at the Sepsis and at the Critical Patient

CURRICULUM/AREA: Neurology/17140

FOCAL AREA: Neurosciences

INITIAL VALIDITY (Year/Semester):

N. OF CREDITS: 02

Theoretical Classes: 06 Practical Classes, Seminars and Others: 08 Hours of Study: 16

DURATION IN WEEKS: 01

PROFESSOR(S) IN CHARGE:

- USP Professor, n. 44076 – Amilton Antunes Barreira
- USP Professor, n. 1546971 – Maria José Alves da Rocha

ACTUAL COSTS OF THE SUBJECT: BRL

(Presenting, if applicable, the budget foreseen for the year, as an attachment)

PROGRAM

OBJECTIVES:

This course has the objective of offering an update on the current knowledge of the mechanisms involved in some of the neurological alterations found at the sepsis and at the critical patient. Besides, an update on the diagnosis criteria and treatment strategies for treating critical patients with neuropathies or brain disorder during the sepsis will be offered.

JUSTIFICATION:

The sepsis and its consequences, septic shock and organic disorder and the critical patient represent a serious problem of public health. Besides the high costs, the disease causes a high mortality index and the survivors, after discharge from the hospital, may present cognitive alterations resulting in future admissions bringing even more onus to the national health system. The intention is discussing important points related to gaps in the knowledge with the purpose of planning future investigations.

CONTENT (SYLLABUS):

Day 1 (Monday):

Afternoon (4 pm-4:30pm) –Course Organization and Works Division
(4:30pm -6:30pm) - "Neuropathy of the critical patient"

Day 2 (Tuesday):

Afternoon (4pm-6pm) – Brain disorder at the sepsis

Day 3 (Wednesday):

Afternoon (4pm-6pm)- Seminars1 : Neuropathies of the critical patient

Day 4 (Thursday): Seminars: neuropathies of the critical patient

Afternoon (4pm-6pm)- seminar 2
(6pm- 8pm) -seminar 3

Day 5 (Friday): Seminars: brain disorder at the sepsis

Afternoon (4pm-6pm) - seminar 4

EVALUATION METHOD:

- Participation in classes and seminars;

NOTES:
